Proposal No. 1: Appropriation of Surplus

In 2018 Medium-Term Business Plan, the numerical targets for FY2020 are ROE of 11% and equity capital of \$1,650.0 billion, and MHI has set a basic policy of implementing returns to shareholders with a consolidated dividend payout ratio of around 30% while considering a balance between "business growth" and "financial soundness" during the course toward the achievement.

Based on this policy and taking full account of our business results for the fiscal year under review, financial position as of the end of the fiscal year under review and others, MHI proposes to pay a dividend of ¥65 per share as the Year-end Dividend defined in Article 45 of the Articles of Incorporation. Combined with the Interim Dividend of ¥65 per share paid in December 2018, the total annual dividend will be ¥130 per share, an increase of ¥10 over that of the previous fiscal year (FY2017).

- 1. Kind of Dividend Property Cash
- Dividend Allocation and Total Amount of Dividends Dividend allocation: ¥65 per share of MHI's common stock Total amount of dividends: ¥21,876,587,070

Reason for the nomination as a candidate for Director

Mr. Shunichi Miyanaga is being re-nominated for the position of a Director because he has extensive experience in operations of Machinery & Steel Structures, and moreover, from April 2013 to March 2019, he served as a President and CEO, demonstrating superior management skills by promoting the management reform such as the shift to a domain business structure. From April 2019, he has been serving as a Chairman of the Board and conducting MHI's management oversight as a Chairman of Meetings of the Board of Directors. Based on this knowledge and track record, MHI judges that he will contribute to the sustained growth of MHI and improvement of its corporate value in the medium- and long-term through participation in MHI's management decision-making, playing a leading role in management oversight.

Reason for the nomination as a candidate for Director

Mr. Seiji Izumisawa has extensive work experience of involvement in such areas as research and development, technology management and operations related to strategic technology development, and has made significant contributions to strengthening and developing MHI's technology infrastructure. Since June 2017, he has filled the role of Director who is serving as an Audit and Supervisory Committee Member and has striven to ensure the soundness and appropriateness of decision-making at MHI, as well as the improvement of its transparency. In addition, from June 2018 he has served as CSO, and from April 2019 as President and CEO (Member of the Board), in which roles he has drawn up and promoted strategy for MHI as a whole, and driven the development of a global structure. He currently serves as a Chief Executive Officer (CEO) in charge of the system for execution of business of MHI. Based on these reasons, MHI judges that he will contribute to the sustained growth of MHI and improvement of its corporate value in the medium- and long-term through participation in MHI's management decision-making, providing management direction.

Important concurrent positions

Statutory Auditor, Media Kobo, Inc.

Reason for the nomination as a candidate for outside director

Mr. Naoyuki Shinohara is being re-nominated for the position of an outside director because he has wide range of insights related to financial policy gained as a regulator and a global perspective gained as an international institution executive when he served as Vice Minister of Finance for International Affairs and Deputy Managing Director of the International Monetary Fund (IMF), even though he has not been involved in corporate management, except for acting as an outside director or outside statutory auditor. Based on these reasons, MHI judges that he will contribute to the improvement of the soundness and transparency of MHI's management decision-making through providing insightful views and frank assessments to MHI's management as an outside director, thereby contributing to the sustained growth of MHI and improvement of its corporate value in the medium- and long-term.

Special interest between the candidate and MHI

There is no special interest between Mr. Naoyuki Shinohara and MHI.

Matters concerning the independence of outside director

Since Mr. Naoyuki Shinohara meets the "Independence Criteria for Outside Directors" (stated on pages 20-21) provided by MHI, MHI judges him to be independent from its management. Accordingly, MHI has notified Tokyo Stock Exchange, Inc. and other listed financial instruments exchanges in Japan that he is an independent officer. Although MHI has a trading relationship with and donated to The University of Tokyo, where Mr. Naoyuki Shinohara served as a professor, the amount of trading and donation does not exceed the base amount stipulated in "Independence Criteria for Outside Directors," and therefore MHI judges that it will not affect his independence.

Important concurrent positions

Chairman of the Board, Mitsubishi Corporation Director, Mitsubishi Motors Corporation Director, NISSIN FOODS HOLDINGS CO., LTD.

Reason for the nomination as a candidate for outside director

Mr. Ken Kobayashi is being re-nominated for the position of an outside director because he has extensive knowledge and experience as top executive who can perform well in global markets and because of his expertise in various fields, having served as a Member of the Board, President and CEO, and Chairman of the Board of Mitsubishi Corporation. Based on these reasons, MHI judges that he will contribute to the improvement of the soundness and transparency of MHI's management decision-making through providing insightful views and frank assessments to MHI's management as an outside director, thereby contributing to the sustained growth of MHI and improvement of its corporate value in the medium- and long-term.

Accordingly, MHI has notified Tokyo Stock Exchange, Inc. and other listed financial instruments exchanges in Japan that he is an independent officer.

Although MHI has a trading relationship with Mitsubishi Corporation, where Mr. Ken Kobayashi serves as a Chairman of the Board, the amount of trading does not exceed the base amount stipulated in "Independence Criteria for Outside Directors," and therefore MHI judges that it will not affect his independence.

(Notes)

- 1. Mr. Naoyuki Shinohara and Mr. Ken Kobayashi are the candidates for outside directors as defined in Article 2, Paragraph 3, Item 7 of the Ordinance for Enforcement of the Companies Act.
- MHI has submitted notifications, specifying Mr. Naoyuki Shinohara and Mr. Ken Kobayashi, as independent officers, to Tokyo Stock Exchange, Inc. and other listed financial instruments exchanges in Japan, and should they be elected as Directors (excluding Directors who are serving as Audit and Supervisory Committee Members), MHI will re-submit notifications specifying them as independent officers.
- 3. MHI has entered into a liability limitation agreement with Mr. Naoyuki Shinohara and Mr. Ken Kobayashi, which provides a limitation on their liabilities to compensate for damages under Article 423, Paragraph 1 of the Companies Act, the amount of which is the higher of ¥10 million or the minimum amount of liability defined in Article 425, Paragraph 1 of the Companies Act. Should Mr. Naoyuki Shinohara and Mr. Ken Kobayashi be elected, MHI is bound to continue the abovementioned agreement with each of them.
- 4. It was discovered that a wrongful act had been committed in connection with fuel consumption testing of a vehicle manufactured by Mitsubishi Motors Corporation, where Mr. Ken Kobayashi serves as an outside director. The discovery was made in April 2016, prior to Mr. Ken Kobayashi's becoming an outside director at the company. In September 2016, after Mr. Ken Kobayashi had become an outside director, the Ministry of Land, Infrastructure, Transport and Tourism indicated that it recognized wrongdoing in the course of internal testing conducted by Mitsubishi Motors Corporation for the purpose of re-examining vehicle fuel consumption values that had been found to be fraudulently fabricated. Furthermore, citing a violation of the Act Against Unjustifiable Premiums and Misleading Representations in connection with language in documents that included catalogs of Mitsubishi Motors Corporation vehicles that had been involved in the fuel consumption testing, the Consumer Affairs Agency issued administrative orders and surcharge payment orders to the company in January and July 2017. In May 2018, it came to light that the training of some foreign technical interns at Mitsubishi Motors Corporation's Okazaki Plant had not been conducted in accordance with the technical intern training plan recognized by the Organization for Technical Intern Training, and in January 2019, the Ministry of Health, Labour and Welfare withdrew recognition of the technical intern training plan, and issued an order for improvement under the terms of the Act on Proper Technical Intern Training and Protection of Technical Intern Trainees. Mr. Ken Kobayashi was aware of neither fact and has, at meetings of the Board of Directors and other opportunities, called for greater attention from the viewpoint of ensuring compliance. Furthermore, since these incidents came to light, he has been committed to thoroughly investigating the facts and taking steps to ensuring similar situations do not happen again.

Proposal No. 3: Election of 4 Directors Who Are Serving as Audit and Supervisory Committee Members

The terms of 4 of the 5 current Directors who are serving as Audit and Supervisory Committee Members, Mr. Toshifumi Goto, Mr. Nobuo Kuroyanagi, Ms. Christina Ahmadjian, and Mr. Shinichiro Ito, will expire at the conclusion of this General Meeting of Shareholders. Accordingly, MHI proposes to elect 4 Directors who are serving as Audit and Supervisory Committee Members.

Candidates for Directors who will serve as Audit and Supervisory Committee Members are as follows.

In addition, the consent of the Audit and Supervisory Committee has been obtained for this proposal.

No.	Name		Position and Responsibility in MHI	The Number of Attendance at the Board of Directors Meetings (FY2018)	The Number of Attendance at the Audit and Supervisory Committee Meetings (FY2018)	The Number of Years in Office as Director (as of the conclusion of this General Meeting of Shareholders)

Reason for the nomination as a candidate for Director

Mr. Toshifumi Goto has extensive work experience in human resources, planning, general affairs, and other operations at MHI, and has contributed significantly to efforts that include promoting corporate governance system improvements. He has served as Director who is serving as an Audit and Supervisory Committee Member since June 2017. As MHI judges that his participation in managerial decision-making from the perspective of Full-time Audit and Supervisory Committee Member will contribute to ensuring effective audits and ensuring soundness and appropriateness and improving transparency of managerial decision-making, and also help MHI achieve sustained growth and improvement of its corporate value in the medium- and long-term, MHI re-nominates Mr. Toshifumi Goto as a candidate for Director who is serving as an Audit and Supervisory Committee Member.

Reason for the nomination as a candidate for Outside Director

Although she has not previously been involved in corporate management through any means other than becoming an outside director or an outside audit & supervisory board member, Ms. Christina Ahmadjian possesses a broad knowledge and global perspective developed during her career as a researcher in fields that include corporate governance and corporate management. Moreover, as MHI judges that the insightful views and frank assessments of its management MHI has been receiving from her as an outside director who serves as Audit and Supervisory Committee Member will contribute to ensuring effective audits and ensuring soundness and appropriateness and improving transparency of managerial decision-making, and also help MHI achieve sustained growth and improvements of its corporate value in the medium- and long-term, MHI re-nominates Ms. Christina Ahmadjian as a candidate for outside director who is serving as an Audit and Supervisory Committee Member.

Special interest between the candidate and MHI

There is no special interest between Ms. Christina Ahmadjian and MHI.

Matters concerning the independence of outside director

Since Ms. Christina Ahmadjian meets the "Independence Criteria for Outside Directors" (stated on pages 20–21) provided by MHI, MHI judges her to be independent from its management. Accordingly, MHI has notified Tokyo Stock Exchange, Inc. and other listed financial instruments exchanges in Japan that she is an independent officer.

Policy and Procedures for Nominating Candidates for Directors and Decision of Remuneration

As a company that provides the infrastructure that forms the foundation of society, MHI will work toward separating management oversight and execution in order to pursue the realization of supervision with a high degree of soundness and transparency, which includes an external point of view, and to improve the efficiency and flexibility concerning execution of business, which will promote sustained growth and improved corporate value in the medium- and long-term. To realize this, it will be MHI's policy to nominate as candidates to be Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) of the individuals from MHI who are active in the core of MHI's management, who have extensive experience in executing MHI's business, and who see things from the perspective of a senior management; and in addition, to invite more than one individual as candidates for the role of outside directors to perform supervision from an objective standpoint while giving consideration to external stakeholders. Furthermore, from the perspective of ensuring effective audits, as Directors who are serving as Audit and Supervisory Committee Members, MHI's policy is to select individuals who have extensive knowledge and experience in various fields such as corporate management, legal, finance and accounting in a well-balanced manner.

When selecting Director candidates, the President & CEO prepare a proposed list of candidates based on the above policy and discuss such proposed list with the outside directors at a meeting (or meetings) constituted solely by the outside directors and the President & CEO. The Board of Directors selects the final Director candidates from the proposed candidates resulting from the Nomination and Remuneration Meeting(s).

At the time of determining the remuneration for Directors (excluding Directors who are serving as Audit & Supervisory Board Members and outside directors), in order to ensure the transparency and soundness of the procedures, the policy for determining the calculation method of remuneration, etc. shall be deliberated at the Nomination and Remuneration Meeting(s), and the allocation of remuneration shall be determined by the Board of Directors within the limit of the total amount resolved at the General Meeting of Shareholders.

Independence Criteria for Outside Directors

Anyone who meets any of the following criteria, in addition to the independence criteria prescribed by Tokyo Stock Exchange, Inc. and other listed financial instruments exchanges in Japan, shall not be deemed to be independent by MHI.

- 1. A person who is currently:
- (i) A major shareholder of MHI (i.e., a shareholder who holds 10% or more of voting rights), or any executive (a person who executes operations) of such shareholder;
- (ii) A counterparty with whom MHI transacts in cases when MHI's transaction amount with said counterparty in the last business year exceeded 2% of MHI's annual consolidated gross sales in amount, or any executive of said counterparty;
- (iii) A counterparty that transacts with MHI in cases when said counterparty's transaction amount with MHI in the last business year exceeded 2% of said counterparty's annual consolidated gross sales in amount, or any executive of said counterparty;
- (iv) A financial institution or any large creditor on which MHI is dependent to the extent that it is indispensable for MHI's financing and is not substitutable, or any executive of said financial institution or large creditor;

- (v) A certified public accountant or employee, partner or staff of an audit corporation serving as the financial auditor of MHI (excluding staff serving as an assistant);
- (vi) Any executive of an organization that received a donation or subsidy from MHI exceeding ¥10 million or 30% of said organization's average annual total expenses in the last business year, whichever is higher;
- (vii) An attorney, certified public accountant, certified tax accountant or any other consultant who received ¥10 million or more in the form of money or other financial benefits on average in the past three business years from MHI, other than remuneration as a MHI officer; or
- (viii)Anyone who belongs to a law firm, audit corporation, tax accountant corporation, consulting firm or any other expert advisory firm that received payments accounting for 2% or more of its annual consolidated gross sales on average in the past three business years from MHI (excluding staff serving as an assistant).
- 2. A person who corresponded to any of the items from (i) to (vi) above at any point in time over the past three years.

Proposal No. 4: Revision to Amount and Details Related to Share-based Remuneration Plan for Directors (Excluding Directors Who Are Serving as Audit and Supervisory Committee Members and Outside Directors)

1 Reasons for submitting this proposal and why the remuneration is reasonable

After obtaining approval of shareholders at the 90th Annual General Meeting of Shareholders, held on June 26, 2015, the Company introduced a share-based remuneration plan (hereinafter in this proposal, the "Plan") in which the Company delivers shares, etc. of the Company to Directors (excluding Directors who are serving as Audit and Supervisory Committee Members and outside directors; hereinafter in this proposal "Directors") among Directors of the Company in accordance with the performance, etc. of the Company.

Currently, Directors' remuneration consists of basic remuneration, performance-linked remuneration and share-based remuneration (remuneration based on the Plan). However, with the aim of promoting the shift to global group management in accordance with the 2018 Medium-Term Business Plan, and improving performance, the Company proposes that, in addition to raising the proportion of share-based remuneration as a medium- to long-term incentive so as to make Directors' remuneration more competitive, and strengthening the linkage between performance and remuneration, promoting the holding of shares of the Company by Directors should be encouraged in order to more closely align the interests of Directors with those of shareholders.

Under the Plan, due to making the above-mentioned share-based remuneration more substantial, at times of expansion in performance the limits of the money contributed by the Company and the points for awarding shares that are granted by the Company to Directors in accordance with the performance, etc. of the Company (hereinafter in this proposal, "share award points"), may exceed the current limits for such money and the upper limits for share award points, for which reason the Company requests approval of revisions to the Plan (hereafter in this proposal, the "Plan revisions").

Furthermore, even after the Plan revisions, Directors will be provided under the Plan with sharebased remuneration separate to the basic remuneration and performance-linked remuneration provided within the total monetary remuneration limit of ¥1.2 billion per fiscal year for Directors who are not serving as Audit & Supervisory Board Members (including outside directors), which was approved at the 90th Annual General Meeting of Shareholders held on June 26, 2015.

2 Details of the Plan revisions

The Company contributes money to establish a trust (hereinafter in this proposal, the "Trust") with a trust period of three years (including extensions to the trust period; hereinafter the same to apply throughout this proposal), whose beneficiaries are Directors who meet the requirements. However, with regard to the limit for money contributed by the Company (the limit for each period of three consecutive fiscal years, which is the applicable period for the Plan, as described below in 3.(2)), in addition to revising the total amount from \$1.2 billion to \$2.4 billion, the upper limit for share award points granted by the Company to Directors is to be revised from 500,000 points to 1,000,000 points per fiscal year (equivalent to 100,000 shares of the Company).

3 Details after Plan revisions

(1) Summary

The Plan consists of a share-based remuneration plan whereby the Company contributes money to the Trust, and the Trust, in accordance with the instructions of the trust administrator (a third

party, independent of the Company, which performs administrative actions for the Trust), uses the money contributed by the Company as a source of funds to purchase MHI shares either from the Company or on the stock market and, in accordance with share award points, delivers or provides (hereinafter in this proposal, "delivers, etc.") to Directors of the Company the shares of the Company or money in the amount equivalent to the realized value of the shares (hereinafter in this proposal, "Company shares, etc.").

(i)	Persons eligible for the delivery, etc., of Company shares, etc., under the Plan	Directors of MHI (excluding Directors who are serving as Audiand Supervisory Committee Members and outside directors)			
(ii)	Maximum amount of money	A total of ¥2.4 billion for each applicable period, consisting of			
	contributed by MHI	three consecutive fiscal years			
(iii)	Upper limit to the number of shares of the Company (including the number of shares of the Company subject to realization) delivered, etc. to Directors	The maximum permitted amounts of Share Award Points are 1,000,000 points per fiscal year for Directors			
		···· · · · · · · · · · · · · · · · · ·			
(iv)	Impact of MHI shares subject to the Plan on the total number of shares issued	 When the upper limit to the total share award points is converted to shares of the Company at the rate of 10 points per share, the number of shares of the Company (100,000 shares) obtained is around 0.03% of the total number of shares issued (as of March 31, 2019, after excluding treasury shares). (Note) On October 1, 2017, the Company conducted a consolidation of its shares on a one for ten basis, and accordingly the number of shares of the Company per point has been adjusted from 1 share to 0.1 shares. 			

(v)	Details of the performance	Varies according to profit before income taxes, etc. for each fiscal
	coefficient	year

(vi)	Timing of the delivery, etc. of	In principle, after three years have passed since the granting of
	Company shares, etc. to Directors	share award points

(2) Maximum amount of money contributed by MHI

The Plan applies to three consecutive fiscal years (hereinafter, the "Applicable Period" in this Proposal).

Moreover, at a meeting of its Board of Directors held on May 8, 2018, the Company resolved to continue the Plan, with the result that the applicable period for the Plan currently consists of the three consecutive fiscal years starting with the fiscal year that ended on March 31, 2019, and finishing with the fiscal year ending March 31, 2021.

The Company will establish the Trust by contributing money to an upper limit of ¥2.4 billion for each applicable period. In addition, the Company may continue the Trust when the trust period expires by changing the trust agreement and making additional trusts. In such an event, the trust period for the Trust in each applicable period will be extended, and the Company will make additional contributions for each such extended applicable period, with share award points continuing to be granted to Directors. However, when such additional contributions are made, if the Trust holds shares of the Company (excluding shares of the Company corresponding to the

number of share award points granted to Directors but not yet delivered) or money (hereinafter in this proposal, "outstanding shares, etc.") as outstanding trust assets on the final day of the trust period before the extension, the total value of the outstanding shares, etc. and the additional contributions shall not exceed the limit of \$2.4 billion.

(3) Upper limit and calculation method for the number of shares of the Company (including the number of shares of the Company subject to realization) delivered, etc. to Directors

MHI grants to Directors share award points every year. The total share award points MHI grant to each Director for each fiscal year is determined by the following formula.

[Formula for computing share award points granted in each fiscal year] Share award points = Base points (*1) × Coefficient of business results (*2)

- *1. Base points are determined in accordance with each Director's position, content of execution of business, responsibilities, etc.
- *2. The coefficient of business results is based on profit before income taxes, etc.

The total number of share award points granted to Directors is a maximum of 1,000,000 points per fiscal year (equivalent to 100,000 shares of the Company). The total number of shares of the Company to be delivered to each Director via the Trust and shares of the Company converted into cash and equivalent amounts of money to be paid is determined at 1 MHI share per 10 stock award points (*3). Provided, however, that when the number of shares of the Company belonging to the Trust is increased or decreased due to consolidation of shares, splitting of shares, allotment of shares without contribution and others, MHI will make adjustments rationally such as in proportion to the share split ratio.

*3. On October 1, 2017, the Company conducted a consolidation of its shares on a one for ten basis, and accordingly the number of shares of the Company per point has been adjusted from 1 share to 0.1 shares.

In addition, the number of shares of the Company acquired for the Trust to deliver, etc. to Directors during the trust period shall be equivalent to the upper limit for the total number of share award points for the fiscal year in question, multiplied by three, which is the number of years in the trust period (300,000 shares).

(4) Timing and method of the delivery, etc. of Company shares, etc. to Directors

Directors who fulfill the beneficiary requirements may receive, after three years have passed, in principle, since the granting of share award points (however, at the point of retirement from office in cases where a Director retires from office before the relevant number of years has passed), Company shares, etc. corresponding to the share award points granted, upon the performance of the prescribed beneficiary confirmation procedure. In this case, the Director is delivered shares of the Company amounting to 50% of the shares of the Company (shares less than one unit rounded down) corresponding to the share award points, and money in the amount equivalent to the amount obtainable if the Trust realizes the remaining shares of the Company.

(5) Voting rights related to shares of the Company belonging to the Trust

To ensure management neutrality, voting rights shall not be exercised during the trust period in regard to shares of the Company belonging to the Trust (that is to say, shares of the Company that have not yet been delivered, etc. to Directors in accordance with (4) above).

(6) Other matters related to the Plan

Other matters related to the Plan will be determined by the Board of Directors.

4 Number of Directors eligible for the Plan

If Proposal No. 2 "Election of 6 Directors (Excluding Directors Who Are Serving as Audit and Supervisory Committee Members)" is approved and adopted as originally proposed, the number of Directors eligible for the Plan will become 4.

Opinions of the Audit and Supervisory Committee about Election, etc. and Remuneration, etc. of Directors (excluding Directors who are serving as Audit and Supervisory Committee Members)

In regard to the election, etc. and remuneration, etc. of Directors who are not serving as Audit and Supervisory Committee Members, all three outside directors who are serving as Audit and Supervisory Committee Members attended the Nomination and Remuneration Meeting(s) and provided their respective opinions, and the full-time Audit and Supervisory Committee Members confirmed, such matters as the approach to remuneration structure and the specific computation method of remuneration, as well as the basic framework and approach relating to the Board of Directors and Directors of MHI and the policy for nominating the candidates for such Directors and made reports and participated in mutual discussions at a meeting of the Audit and Supervisory Committee.

Accordingly, the Audit and Supervisory Committee has determined that there are no special matters or opinions that need to be stated at the General Meeting of Shareholders with regard to the election and remuneration, etc. of Directors who are not serving as Audit and Supervisory Committee Members, based on the provisions of the Companies Act.

BUSINESS REPORT FOR THE 2018 FISCAL YEAR (April 1, 2018 to March 31, 2019)

OVERVIEW OF MITSUBISHI HEAVY INDUSTRIES, LTD. (MHI) GROUP

1 REVIEW AND THE RESULTS OF BUSINESS ACTIVITIES OVERVIEW

During the fiscal year under review, in the world economy, factors such as trade friction between the US and China, and the exit of the United Kingdom from the European Union, led to sluggish business conditions in China and a slowdown in the European economy, but the US saw continued economic expansion. The Japanese economy also maintained its trend of moderate recovery against the backdrop of recoveries in employment and personal consumption.

Orders, Sales and Profits/Losses

In this operating environment, consolidated orders received for the MHI Group in the fiscal year under review rose in Industry & Infrastructure, but Power Systems, where the recovery was slightly delayed, and Aircraft, Defense & Space both recorded declines, leading to total consolidated orders received of ¥3, 853.4 billion, flat year on year.

Revenue increased in Power Systems and in Industry & Infrastructure, but decreased in Aircraft, Defense & Space, resulting in flat revenue year on year of ¥4,078.3 billion.

Profit from business activities increased by \$128.5 billion year on year to \$186.7 billion as a result of increases in all segments, in addition to recording of a gain on sales of fixed assets and others. Profit before income taxes increased by \$143.3 billion year on year to \$182.6 billion.

Profit attributable to owners of parent increased by ¥108.6 billion year on year to ¥101.3 billion.

(Note) The MHI Group has voluntarily adopted the International Financial Reporting Standards (IFRS), beginning with the fiscal year under review. Financial data for the previous fiscal year have been restated from Japanese GAAP to IFRS for the purposes of display and comparison.

■ MHI Group Initiatives in FY2018

In the fiscal year under review, which was the first year of the 2018 Medium-Term Business Plan, the MHI Group proactively implemented a variety of measures, such as investments in priority and growth areas making use of its stronger financial foundation following previous business structure reforms. The aim of management is to focus on balancing business growth and financial soundness using MHI Group's unique management indicator called TOP^{*1}.

*1 Triple One Proportion (a status of achieving a proportion of revenue, total assets and market capitalization of 1:1:1)

- Generating free cash flow/securing financial base

In the fiscal year under review, as a result of the MHI Group working on initiatives to focus on cash flow management to build a robust financial base, and to improve the management efficiency, free cash flow of ¥243.0 billion significantly overshot initial plans. This brought us within striking distance of achieving the financial base targets for FY2020 specified in the 2018 Medium-Term Business Plan. Our progress has enabled us to allocate funds for more growth investment projects than ever before, which we plan to implement over the next fiscal year and beyond while placing utmost importance on balancing business growth and financial soundness.

- MHI FUTURE STREAM

In the 2018 Medium-Term Business Plan, MHI Group initiated full-scale "MHI FUTURE STREAM" activities. These activities consist of the three initiatives of "Mega Scan," which extracts business opportunities from a long-term vision of future society; "Shift the Path," which considers changes in direction for existing businesses, and new businesses from the medium to long term perspective; and "Technology Scouting," which searches for cutting-edge areas of technology required for the above. In the fiscal year under review, we focused on changes in society and technological innovation, considering what kinds of transformation in the businesses of the MHI Group might be caused by the shift in value structure from the supply-side to the demand-side, from perspectives such as energy/carbon cycle, and the dramatic development of data analysis technology in the digital era. Instead of keeping this process of consideration in-house, we promoted to an unprecedented extent collaborations with and connections to external third parties such as startups, universities, and venture capital firms.

- Further expansion in the scale of the business

In Power Systems, we attracted support from customers in the form of multiple major new orders for GTCC^{*2}, which boasts high generating efficiency and reduced environmental impact, and won the No.1 share of the global large gas turbine (100,000kW or more) market. We also captured orders in Taiwan for improvement works to increase the performance and reduce NOx for an existing facility, and worked in other ways to expand the service businesses. In flue gas desulfurization plants, which make a considerable contribution to improving the atmosphere by significantly reducing emissions of airborne pollutants, our global market share exceeds 60%. In our joint venture with Danish company Vestas Wind Systems A/S, which is responsible for offshore wind power generation business, we have received order after order from places such as Belgium and the United Kingdom for 9,500kW offshore wind power systems, which are the highest output globally.

In Industry & infrastructure, by actively allocating management resources into the mass and medium-lot products business, we succeeded in expanding the scale of the air-conditioning & refrigeration systems, automotive thermal systems, and material handling equipment. In the air-conditioning & refrigeration systems business in particular, in order to respond to increasing demand for both residential and commercial use air conditioners, primarily in Asia, we began operations at the third plant of our joint venture in Thailand. In addition, we set up a sales and service company with the aim of growing sales of transport refrigeration units in Europe, which is a promising market. In metals machinery business we also steadily achieved results, receiving orders for major new projects in locations such as China and India, as well as upgrades and expansion work on existing facilities in Belgium, the US, etc.

In Aircraft, Defense & Space we received a positive response to previous, proactive proposals, concluding construction contracts for two ships of a new class of 3,900-ton frigate equipped with mine countermeasures capabilities. In addition, we extended our string of consecutive successes by launching two H-IIA launch vehicles and one H-IIB launch vehicle, while pushing forward on development with JAXA^{*3} on the H3 launch vehicle that will become the new national flagship launch vehicle. Moreover, we also had agreed with the UK's Inmarsat plc on the first commercial satellite launch services using the H3 launch vehicle.

As well as these, the MHI Group is implementing cross-sectoral proposal activities that transcend business divisions, providing a variety of solutions, primarily in overseas markets, by means of a wide range of product technologies and services. In October 2018, we signed a memorandum of understanding with the government of New South Wales, with the aim of submitting proposals for environmentally friendly urban planning that makes use of cutting-edge technology and related systems, such as optimal approaches to energy management, in relation to plans for a major urban development in Western Sydney, Australia.

- *2 Gas Turbine Combined Cycle
- *3 Japan Aerospace Exploration Agency

- Rebuilding the MRJ business

During the fiscal year under review, we increased the capital of Mitsubishi Aircraft Corporation and waived part of its liabilities in order to resolve the situation of Mitsubishi Aircraft Corporation's debt exceeding its assets, and to ensure continued MRJ development and commercialization. In addition, we continued to perform flight tests at Moses Lake in Washington State in the US, steadily moving forward with development work aimed at obtaining TC^{*4}. Furthermore, we received a letter of confirmation for the start of flight tests from the Civil Aviation Bureau of Ministry of Land, Infrastructure, Transport and Tourism of Japan, and an LOA^{*5} from the US Federal Aviation Administration.

*5 Letter of Authorization (A notification from the FAA authorizing pilots to board the MRJ in relation to TC work.)

REVIEW OF BUSINESS SEGMENTS

Power Systems

The Company recorded growth in the service business for power systems currently in operation and orders of compressors and aero engines, despite cancellation of order for a coal-fired power plant project amid a global shift to low-carbon approaches. As a result, consolidated orders received were about level with the previous fiscal year at \$1,426.5 billion.

Revenue rose year on year to \$1,525.1 billion, driven by increases in nuclear energy systems, compressors and aero engines.

Profit from business activities increased year on year to ¥132.8 billion mainly due to increased profit resulting from increased sales, along with improvements in share of profit of investments accounted for using the equity method related to an offshore wind power project.

Main Businesses

Gas power systems, steam power systems, nuclear power plant equipment (light water reactors/nuclear fuel cycle & advanced solutions), wind power generators, aero engines, compressors, environmental plants and marine machinery

Industry & Infrastructure

In addition to increase in chemical plants and commercial ships on the back of strong infrastructure investment primarily in overseas, orders received grew for material handling equipment and air-conditioning & refrigeration systems in response to a gradual economic expansion primarily in emerging markets. Consequently, consolidated orders received rose year on year to ¥1,852.0 billion.

Revenue exceeded the level of the previous fiscal year, rising to ¥1,907.8 billion, mainly driven by increases in material handling equipment and air-conditioning & refrigeration systems, for which orders were strong, and in metals machinery.

Profit from business activities increased year on year to ¥70.1 billion, mainly due to improved earnings from transportation systems and an increase in sales of material handling equipment.

Main Businesses

Material handling equipment, turbochargers, engines, air-conditioning & refrigeration systems, automotive thermal systems, metals machinery, commercial ships, transportation systems, chemical plants, environmental systems, machinery systems, machine tools

Aircraft, Defense & Space

Although orders for naval ships increased with orders for a new type of destroyer, other defenserelated systems, space systems, and commercial aircraft all recorded decreases, with consolidated orders received falling year on year to ¥610.6 billion.

Revenue declined year on year to ¥677.5 billion due to a period of transition to next-generation for certain models in commercial aircraft, as well as decreases in both defense-related and space systems businesses.

Loss from business activities improved year on year to ¥37.4 billion, mainly due to a decrease in MRJ development costs.

Main Businesses

Commercial aircraft, defense aircraft, missile systems, naval ships, special vehicles (tanks), maritime systems (torpedoes), space systems

Others

While the total value of consolidated orders received and revenue decreased from the previous fiscal year to ¥73.3 billion and ¥71.6 billion, respectively, profit from business activities rose year on year to ¥35.9 billion.

Main Businesses

Construction, real estate, etc.

2 KEY ISSUES FOR MHI GROUP

As MHI Group enters the second year of its 2018 Medium-Term Business Plan, we will focus on a management indicator called "TOP" and pursue business growth by actively allocating funds to growth areas while responding to changes in the market environment. We will also promote management that ensures financial soundness by raising the base level of business profits through measures such as improvements in productivity and expanding the service businesses, etc.

- Implementing Growth Strategies

As we push ahead with our growth strategy, we will work to expand our business both in the short term and the medium to long term, while keeping in mind the shared social values represented by ESG^{*1} and the global indicators of the SDGs^{*2}.

First, in the short term we will grow the service and maintenance businesses, as well as the mass and medium-lot product business where demand, primarily in emerging countries, is strong. Also, by providing products with extremely low global warming potential, such as household air conditioners, hydrogen-fired gas turbines and electric compressors for EV^{*3}, we will develop further our businesses in areas affected by reduced environmental impact, the shift to low-carbon approaches and electrification. Furthermore, we will apply the technology developed in cutting-edge fields such as defense and space to other product business fields, and commit management resources to providing total solutions that contribute to safety and security.

In the medium to long term, through the "MHI FUTURE STREAM" we will generate new business opportunities and continue to work on the structural shift in the energy and environment business. As an example of new business fields, we are expanding renewable energies such as offshore wind power and developing adjustable power supply systems and energy storage systems to supplement fluctuations in renewable energies. In addition, we have our sights on fields such as biomass utilization for effective utilization/immobilization of carbon dioxide and carbon dioxide capture and storage (CCS^{*4}). We plan to set up opportunities for co-creation with external ventures where we enable the utilization of MHI's technologies, facilities and other resources in order to create business opportunities by effectively including outside knowledge on these matters.

- *1 Environment, Social, Governance
- *2 Sustainable Development Goals
- *3 Electric Vehicles
- *4 Carbon dioxide Capture and Storage

- Putting in Place a Global Group Management Structure

The MHI Group aims to establish a global group management structure to further leverage its strengths as corporate group comprising a group of businesses centered on diverse, highly advanced technologies. While responding to the needs of society, we will circulate resources effectively between businesses at different stages of their life cycles, strengthening the portfolio management of group headquarters in order to balance stability with growth, and strategically commit and allocate resources such as personnel, funds and technology to global development and growth areas. In addition, we will transfer authority to bring flexibility and speed to management by increasing the autonomy of the individual divisions, while pursuing harmonious growth for the Group as a whole. Furthermore, we will also promote transition to a simple and flat management structure that expedites management decisions and increases employees' awareness of participation in management. At the same time, we will also diversify management personnel. In the area of MHI Group's increasingly globalized activities, we will make full use of the

capabilities of human resources with a variety of beliefs and from diverse backgrounds, encouraging lively exchanges that transcend existing frameworks between a diverse range of employees with a variety of opinions. In doing so, we will strive to form a corporate culture that generates new innovations.

- Structural Shift for Mitsubishi Hitachi Power Systems, Ltd.

As measures to further expand the scale of the business and strengthen the business foundation, as well as strengthening product competitiveness by further improving the generating efficiency of the latest models that contribute to CO₂ reductions, Mitsubishi Hitachi Power Systems, Ltd. is continuing to work on new technologies such as 100% hydrogen-fired gas turbines (with the shift away from a carbon-based society in mind), and automated operation, so as to enhance our competitive advantage in the gas turbine market, where solid growth over the medium to long term is expected. For the coal-fired power generation business, based on the need for reduced environmental impact, etc. we will strengthen our service businesses to enable clean and economically efficient power generations for power generation facilities through the use of IoT technology and remote monitoring. Furthermore, we will deepen our cooperation with power consumers and promote development of the ENERGY CLOUD® energy management system for increasing the overall economy of facilities. In addition, looking ahead to future structural shifts in energy-related businesses, we will continue our initiatives to develop new training programs for our human resources, as well as cutting fixed costs and reorganizing production bases.

- Promoting the MRJ Business

The development of the MRJ has reached the final stage, which consists of flight tests, and we continue to put all our efforts into obtaining type certificate. We are carefully preparing every aspect of our customer support structure in preparation for delivering the first volume-produced airframes to the customer, and we will move forward with the build-out of a volume production system that is optimized to allow the MHI Group to generate further internal synergies, along with full-scale development of a mainstay model and enhancement of service systems for the North American market.

With the recognition that compliance and CSR are key issues for management, MHI Group will work to contribute to the sustainable development of society with the implementation of the above measures. We ask our shareholders for their continued understanding and support in these endeavors.

(1) AMOUNT OF REMUNERATION, ETC.

(Notes)

1. The figures include one of the Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) and who retired during FY2018, and one of the Directors who are serving as Audit and Supervisory Committee Members and who resigned during FY2018.

- 2. The amounts of remuneration in the performance-linked remuneration column in the table above are the estimated amounts.
- 3. The maximum permitted monetary remuneration amounts are ¥1,200 million (resolution of the 90th Annual General Meeting of Shareholders on June 26, 2015) per fiscal year for Directors (excluding Directors who are serving as Audit and Supervisory Committee Members).
- 4. The total amount of stock remuneration shown in the table above is the amount of expenses recognized for the 254,000 Stock Award Points granted in total during FY2018 (equivalent to 25,400 shares of MHI) concerning the Board Incentive Plan Trust, which is a stock remuneration system that delivers or provides shares of MHI and money in the amount equivalent to liquidation value of shares of MHI based on Stock Award Points granted to Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) (excluding outside directors) in accordance with, among other factors, the rank of the position of each Director and the financial results of MHI. The maximum permitted amounts of Stock Award Points are 500,000 points (resolution of the 90th Annual General Meeting of Shareholders on June 26, 2015) per fiscal year for Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) (excluding outside directors).
- 5. The maximum permitted monetary remuneration amounts are ¥300 million (resolution of the 90th Annual General Meeting of Shareholders on June 26, 2015) per fiscal year for Directors who are serving as Audit and Supervisory Committee Members.

(2) POLICY FOR DETERMINING THE AMOUNT OF REMUNERATION, ETC. OR ITS CALCULATION METHOD AND THE METHOD OF DETERMINING SUCH POLICY

1) Directors (excluding Directors who are serving as Audit and Supervisory Committee Members)

The policy for determining the amount of remuneration, etc. or its calculation method for Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) has been determined by the Board of Directors.

- Remuneration of Directors (excluding Directors who are serving as Audit and Supervisory Committee Members) (excluding outside directors) consists of basic remuneration, performance-linked remuneration, and stock remuneration from the perspective of reflecting financial results and sharing common value with shareholders.

Basic Remuneration	Reasonable amount shall be determined in consideration of each Director's roles and duties.
Performance-linked Remuneration	Reasonable amount shall be determined based on consolidated earnings for the fiscal year under review, while also taking into account the roles of each Director and the earnings and accomplishments, etc. of the business that he/she is in charge of.
Stock Remuneration	Shares of MHI and money shall be delivered or provided based on Stock Award Points granted in accordance with, among other factors, the role of each Director and financial results of MHI using the system of Board Incentive Plan Trust to further raise the motivation of Directors to contribute to the medium- to long-term improvement of financial results and enhancement of the corporate value of the entire MHI Group.

- Outside directors are expected to provide objective opinions and suggestions from an external standpoint. In view of that role, they will be provided with basic remuneration (fixed remuneration commensurate with their duties) only.

- The amount of remuneration shall be set at appropriate levels consideration also of the situation in other companies and other factors.

For the purpose of further enhancing the transparency and fairness concerning the determination of remuneration, etc. of Directors (excluding Directors who are serving as Audit and Supervisory Committee Members), MHI holds the Nomination and Remuneration Meeting(s) consisting solely of the outside directors and President and CEO. During FY2018, MHI held eight Nomination and Remuneration Meetings, in which President and CEO explained the policy stated above to outside directors and received opinions and advice from them.

2) Directors who are serving as Audit and Supervisory Committee Members

The policy for determining the amount of remuneration, etc. or its calculation method for Directors who are serving as Audit and Supervisory Committee Members has been determined through discussion among Directors who are serving as Audit and Supervisory Committee Members.

Remuneration of Directors who are serving as Audit and Supervisory Committee Members shall consist only of basic remuneration. The amount of remuneration shall be fixed at levels that are commensurate with their roles and duties determined separately for full-time and non-full-time categories. However, the amount of remuneration of full-time Directors who are serving as Audit and Supervisory Committee Members may be reduced in consideration of the business conditions of MHI and other factors.

FINANCIAL AUDITOR

1 NAME OF FINANCIAL AUDITOR

KPMG AZSA LLC

2 AMOUNT OF REMUNERATION PAID TO FINANCIAL AUDITOR

¥320 million

(Note)

In the audit contract between MHI and its financial auditor, remuneration paid for audits under the Companies Act and audits under the Financial Instruments and Exchange Act are not clearly distinguished and cannot be practically separated. Therefore, the amount of payment for both is shown above.

3 REASONS FOR AGREEMENT BY THE AUDIT AND SUPERVISORY COMMITTEE CONCERNING THE AMOUNT OF REMUNERATION, ETC. TO BE PAID TO FINANCIAL AUDITOR

The Audit and Supervisory Committee confirmed the policy and content of the audit plan, the basis for calculation of estimates, etc., which constitute the basis for remuneration of the financial auditor, and verified them by receiving necessary reports on them from internal departments concerned. As a result, the Audit and Supervisory Committee determined that they were appropriate for the financial auditor to conduct financial audit of MHI and agreed to the amount of remuneration shown in "2 AMOUNT OF REMUNERATION PAID TO FINANCIAL AUDITOR" above.

4 SUM OF THE AMOUNT OF MONEY AND OTHER MATERIAL ADVANTAGE TO BE PAID BY MHI AND ITS SUBSIDIARIES

¥764 million

(Note)

Part of MHI's subsidiaries are audited by certified public accountants, etc. other than the financial auditor of MHI.

5 CONTENTS OF WORKS OTHER THAN AUDITING

MHI has requested the financial auditor to provide advisory works, including consultations on the transition to International Financial Reporting Standards, and has paid to the financial auditor remuneration for such works as duties other than auditing.

6 POLICY ON TERMINATING OR NOT REAPPOINTING THE FINANCIAL AUDITOR

If there are circumstances which give rise to reasonable expectations that the auditing of financial statements will suffer great interference due to an event such as the financial auditor come under any of the provisions set forth in each Item of Article 340, Paragraph 1 of the Companies Act, the financial auditor shall be dismissed by unanimous consent of the Audit and Supervisory Committee Members.

In addition, if the Audit and Supervisory Committee has determined that the system for the execution of duties, audit capability, expertise, etc. of the financial auditor is insufficient for MHI or that MHI can put in place an audit system that is more appropriate for MHI by replacing the financial auditor, the Audit and Supervisory Committee will determine a proposal not to re-elect the financial auditor, and MHI will submit it to the General Meeting of Shareholders.

We have audited the consolidated financial statements, comprising the consolidated statement of financial position, the consolidated statement of profit or loss, the consolidated statement of changes in equity and the related notes of Mitsubishi Heavy Industries, Ltd. as at March 31, 2019 and for the year from April 1, 2018 toMarch 31, 2019 in accordance with Article 444-4 of the Companies Act.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the latter part of Article 120-1 of the Rules of Corporate Accounting that prescribes some omissions of disclosure items required under International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit as independent auditor. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements audit is not to express an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and the results of operations of Mitsubishi Heavy Industries, Ltd. and its consolidated

subsidiaries for the period, for which the consolidated financial statements were prepared, in accordance with the latter part of Article 120-1 of the Rules of Corporate Accounting that prescribes some omissions of disclosure items required under International Financial Reporting Standards.

Emphasis of Matter

- 1. We draw attention to Note 5 "Contingent liabilities relating to change in MRJ delivery timing" in Notes to the Consolidated Statement of Financial Position, which describes, going forward, it is possible that additional liabilities will arise depending on the results of consultation with customers on the timing for the delivery of MRJ and other factors, and this could impact the future financial position and operating results.
- 2. We draw attention to Note 6 "Indemnification Asset for South African Projects" in Notes to the Consolidated Statement of Financial Position, which describes, Mitsubishi Heavy Industries, Ltd.("MHI") demanded that Hitachi, Ltd.("Hitachi") pay the price adjustment and other payments regarding the boiler construction projects in the Republic of South Africa. Meanwile, MHI and Hitachi have still not completed the price adjustment for the South African Asset Transfer at the moment.

Our opinion is not affected by the matters described above.

Other Matter

Our firm and engagement partners have no interest in the Company which should be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.

Audit Report of the Audit and Supervisory Committee

AUDIT REPORT

The Audit and Supervisory Committee of the Company has audited the Directors' execution of their duties during the 2018 fiscal year, from April 1, 2018, to March 31, 2019. The Committee hereby reports the methods and results of the audit as follows:

- 1. Methods of the Audit and Details Thereof
 - (1) The Audit and Supervisory Committee received reports regularly from Directors, employees, etc. on the resolutions of the Board of Directors concerning the matters listed in Article 399-13, Paragraph 1, Items (i)(b) and (i)(c) of the Companies Act as well as the development and operation status of the system that has been put in place based on said resolutions (internal control system), requested explanation as necessary and expressed its opinion. The Committee also received reports from Directors, etc. and KPMG AZUSA LLC on the status of the evaluation and audit of internal controls over financial reporting under the Financial Instruments and Exchange Act and requested explanation as necessary.
 - (2) In accordance with the audit policy, audit plan, etc., established by the Audit and Supervisory Committee, the Committee, in coordination with the internal auditing department and other departments concerned, attended important meetings, received reports from Directors, employees, etc. on the status of their execution of duties, requested explanation as necessary, inspected important documents, etc., and conducted investigations regarding the status of the business operations and properties of the Company at Head Office and Works, etc. Regarding the Company's subsidiaries, the Audit and Supervisory Committee sought to facilitate communication and exchange information with directors, statutory auditors and others of the Company's subsidiaries and, when necessary, received reports from these subsidiaries on the status of their businesses.
 - (3) The Audit and Supervisory Committee monitored and examined whether the financial auditor maintained its independence and carried out its audits in an appropriate manner, received reports from the financial auditor on the status of the execution of its duties and, when necessary, attended its audits and requested explanations.
 - (4) The Audit and Supervisory Committee received a notification from the financial auditor that it is taking steps to improve the "system for ensuring appropriate execution of duties" (matters specified in the items under Article 131 of the Company Accounting Ordinance) in accordance with the "Quality Control Standards Relating to Auditing" (Business Accounting Council) and other standards, and requested explanations when necessary.

Based on the foregoing methods, the Audit and Supervisory Committee examined the Business Report and the related supplementary schedules for the 2018 fiscal year under review, non-consolidated financial statements for the same fiscal year (non-consolidated balance sheet, non-consolidated statement of income, non-consolidated statement of changes in net assets, and notes to the non-consolidated financial statements) and the related supplementary schedules as well as consolidated financial statements for the same fiscal year (consolidated statement of financial position, consolidated statement of income, consolidated statement of changes in equity, and notes to the consolidated financial statements).

- 2. Results of audit:
 - (1) Result of audit of the Business Report, etc.

In our opinion:

- a. the Business Report and the related supplementary schedules fairly represent the conditions of the Company in accordance with the applicable laws and ordinances and with the Company's Articles of Incorporation;
- b. with respect to the Directors' execution of their duties, there are no fraudulent acts or material facts of violation of applicable laws and ordinances or of the Company's Articles of Incorporation; and
- c. the contents of the resolutions of the Board of Directors regarding internal control systems are appropriate. Furthermore, there are no matters that we should point out regarding the contents of the Business Report and Directors' execution of their duties related to internal control systems, including internal control systems over financial reporting.
- (2) Result of audit of the non-consolidated financial statements and the related supplementary schedules

In our opinion, the methods and results of the audit conducted by the financial auditor, KPMG AZUSA LLC, are appropriate.

(3) Result of audit of the consolidated financial statements

In our opinion, the methods and results of the audit conducted by the financial auditor, KPMG AZUSA LLC, are appropriate.
