Announcement of Forecasts for Dividend

The Board of Directors of NIPPON STEEL CORPORATION (“the Company”) held on August 4, 2022 has decided to announce the forecasts for the first half year-end dividend from retained earnings as follows.

1. Reason for the Announcement

When the previous fiscal year results were announced on May 10, 2022, the Company had not determined a first half year-end dividend distribution amount for the current fiscal year ending March 31, 2023. With a view to maintaining a high-level return to shareholders hereafter, and after due consideration of the earnings forecasts for the year and other factors, the Company plans to distribute a dividend of 70 yen per share at the end of the first half, reaching a record high, the same as Fiscal 2021, as the first half year-end dividend.

Please also refer to the “Announcement of Forecasts for Performance” released today.
