Notice of Addition of Logistics Center

Kitanotatsujin Corporation (the “Company”) hereby announces the addition of a logistics center, and has determined that it will establish a new logistics center in Ebina, Kanagawa, as follows.

A new logistics center will be added, creating a structure with three centers, in view of increased shipping volume in line with a higher number of orders received in addition to mitigating geographical risk associated with a concentration in logistics centers, and to respond to the “2024 issue” in the logistics industry, with a particular focus on “rising shipping rates” and “increasing lead times for delivery to customers.”

Additionally, the Company outsources its logistics operations to a specialized company, and as this addition will primarily use the facilities of the outsourced party, the effect on the Company’s consolidated financial results and non-consolidated financial results will be minimal.

Date of addition	August 4, 2023
Logistics centers at present	Sapporo, Hokkaido; Soja, Okayama
Logistics centers after addition	Sapporo, Hokkaido; Soja, Okayama; Ebina, Kanagawa
